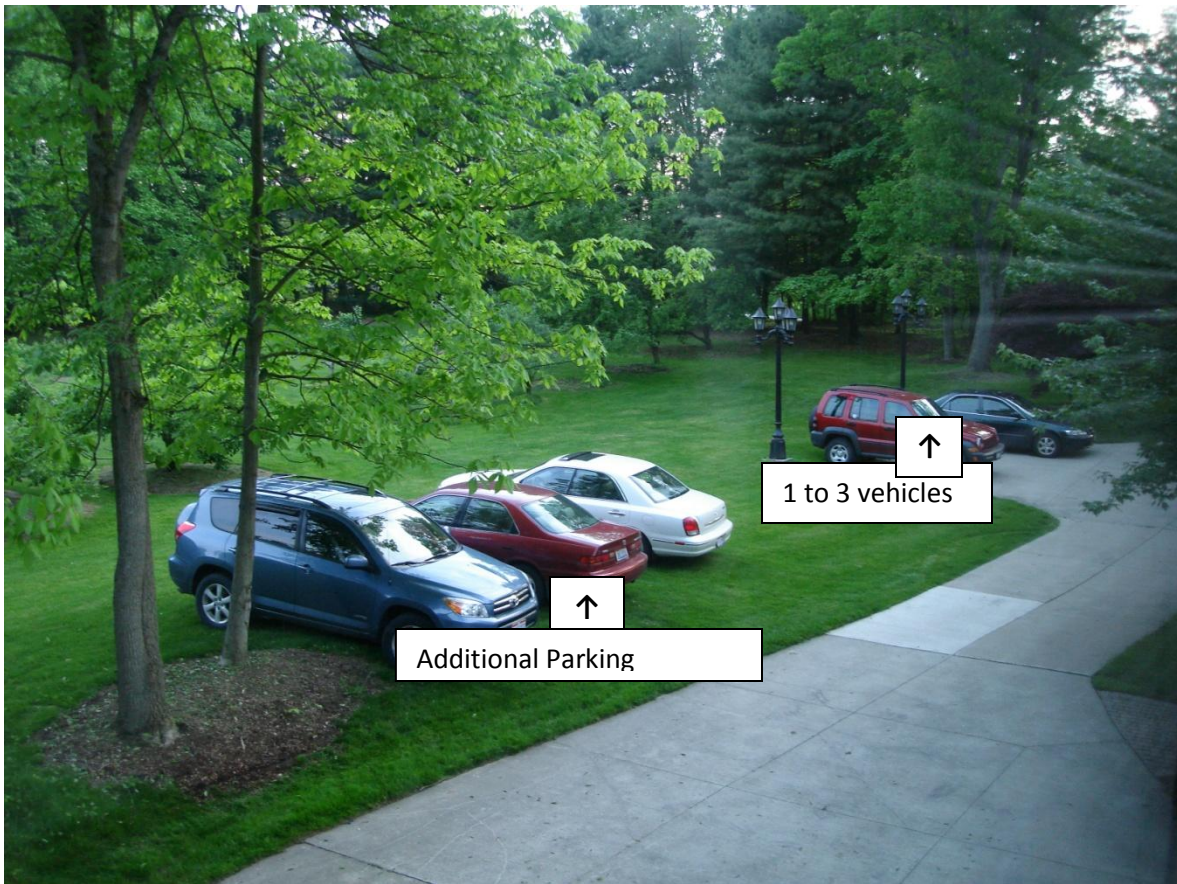

Figure 3: Shows an example of two vehicles and additional parking.

While it doesn't appear so on this photo, an additional 6 vehicles can park from here to the street.

Figure 4: This will show you where you can park beyond to the concrete turn-around. This space can accommodate up to an additional 6 vehicles.

Figure 5: Shown here are the arrows that identify 4 of the additional 6 spaces for parking located on the opposite side of the driveway from the road back.

VISUALLY, IT IS DIFFICULT TO APPRECIATE THE LARGE SPACE AVAILABLE FOR PARKING. THE PHOTOS CREATE A MUCH SMALLER REPRESENTATION OF THE SPACE.
